

Join

THE CHICAGO REGION TREES INITIATIVE FOR

Invasion of the Nature Snatchers!

December 11, 12-3 p.m. Drop in to our fun and interactive invasive species stewardship festival! Bring your family, staff, garden club, HOA, local green drinks chapter, and anyone else you can think of! We will have demonstrations on desirable plant replacements, strategies for invasives removal, inspiration on how to engage your constituents and neighbors, furniture made from buckthorn, and other fun demonstrations. Take a hike, roast some s'mores, and enjoy being outside!

- Visit our website at ChicagoRTI.org/PRC for more information. Registration is free but required for the event.
